## India needs skilled civil engineers for the booming construction industry, but how can we close the skill gap?

*The construction industry will become India's largest employer by 2022 with 72 million employees. But what does India need to do to supply skilled engineers?*

India Today Web Desk 

New Delhi

February 15, 2019 UPDATED: February 17, 2019 14:15 IST

  
I Feel the difference I  
infini Institute

## Industry's say :

“

**One of the major problems facing the fresh graduates is their insufficient understanding of basic concepts. The lack of in-depth understanding of technical information, lack of client-handling skills and insufficient knowledge across domains are the major skill gaps in the area.**

”

# The frustration..

**Unhappy** with job

**Stressed-out** in career

**Dissatisfied** with pay

**Disappointed** with lifestyle

# The Tragedy ..

- degree certificate, no offer letter..!
- cleared 30+ exams, not job interview..!
- passed out from top university, industry doors are closed..!
- degree costs 5-6 lakh; job of 8-10K..!

# The BIG Success ladder..

Graduate

# The lost dignity by civil engineers

## Reality for freshers and bigineers :

- High competition, less salary, low increments
- Job & post without choice
- Post of trainee, with longer probation period
- No choice of profile (कुछ नहीं आता है, भेजो साइट पे )
- No / wrong learning, risk to stuck up at supervisory role
- Slow growth @ 14-16 yrs to become PM, no guarantee
- General treatment by company
- Can't switch roles
- Loss of future opportunities
- **Dissatisfaction & frustration**

**Pandemic  
batch**

**Does a civil engineer have  
a future in 2022?**

Layoff &  
job losses

Global  
recession!

placement ?
